

VERALON[®]

TRANSFORMATIVE HEALTHCARE CONSULTING

Introducing Veralon's Initiative for New Board Members

A special program designed to help new and rising hospital and health system board members accelerate their learning and make an immediate impact.

VERALON'S COMMITMENT TO BOARD EDUCATION

Join us in providing new board members the tools to excel in their roles and contribute meaningfully to the decisions facing your board.

Together, we can build a future of informed and capable board members.

New board members say it takes 18 to 24 months before they can participate effectively in board deliberations.

The decisions facing hospital and health system boards are increasingly challenging, and new board members must excel from the start.

PROGRAM DETAILS

- For board members within their first two years of service
- Participants will complete four 10-minute video courses per month, for 3 months
- Curriculum includes 12 Essential Courses + Optional Bonus Courses selected for your organization (e.g., Artificial Intelligence, Workforce, Board Diversity)
- Optional live sessions to "Ask the Expert" and network with peers
- Real-time support and tracking to ensure course completion

Register by November 30th

BUILDING BETTER BOARDS.
Join a national movement to enhance trustee education.
